### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas W. McNally (attorney for applicant) on September 28, 2004.
3. The application has been amended as follows:

In Claim 1, on the second line following the chemical formula, insert --- either hydrogen or --- before "an alkyl group;".

In Claim 7, on the second line following the chemical formula, insert --- either hydrogen or --- before "an alkyl group;".

4. The following is an examiner's statement of reasons for allowance: Choi et al (US 2004/0137363 A1) teaches a polymer containing present first monomer unit and present second monomer unit (see Formulas 3 and 4 in [0080] and Synthesis Examples). However, Choi et al does not teach or suggest present third monomer unit. Although Choi et al (6,051,362) teaches a polymer containing present third monomer unit, the polymer does not contain present first monomer unit, nor the reference suggests for such monomer unit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
